Program Details

The NSW Government is committed to achieving net zero emissions by 2050 and this will require industry to decarbonise. The [Net Zero Plan Stage 1: 2020-2030](#) (the Net Zero Plan) will fast-track emissions reduction over the next decade to combat climate change, grow the economy and create jobs and attract investment.

In its 2023 budget, the NSW Government announced the \$480 million in funding to boost the [Net Zero Manufacturing Initiative \(the Initiative\)](#), which is a key part of the Net Zero Plan. The Initiative funding streams will build local manufacturing capacity and capability to deliver critical components for NSW's emerging renewable energy sector and new low carbon products.

The Initiative has allocated up to \$5 million in this round for the Low Carbon Product Manufacturing (LCPM). This aims to support businesses proposing to manufacture eligible low carbon products reach a financial investment decision (FID) to build new manufacturing facilities or expand existing facilities in NSW.

The project development stream will provide grants between \$50,000 and \$900,000 per project.

Will the project help the lead applicant reach a financial investment decision to establish a low carbon product manufacturing facility in NSW? *

- ☐ Yes
☐ No

The proposed low carbon product must have demonstrably lower lifetime emissions (CO2e) versus equivalent conventional products that are currently dominant in the market (merit criterion 2)

Eligible low carbon products include:

- *building materials including cement, steel, aluminium and cross laminated timber (structural)*
- *green chemicals such as ammonia and methanol*
- *biofuels derived from biomass (plant or algae material or animal waste) including sustainable aviation fuel*
- *power fuels produced with renewable energy including hydrogen and hydrogen derivatives*
- *inputs for agricultural production including fertilisers*

Provide a brief description of the low carbon product that you intend to manufacture. *

Word count:

Must be no more than 200 words.

Only projects that will enable a financial investment decision to establish a low carbon product manufacturing facility in NSW are eligible for this funding. As you have selected 'No', it appears that your project might not be eligible for funding.

We encourage you to use the eligibility checker on our [website](#) to determine if your project might be eligible for another funding opportunity within the Net Zero Manufacturing Initiative.

Is your product ready for commercial scale manufacturing? *

- ☐ Yes
☐ No

Upload any supporting documents.

Attach a file:

For example, feasibility studies, market assessments, business cases or other reports demonstrating the readiness of your product for commercial scale manufacturing.

If your product is not ready for commercial scale manufacturing and still in development/early commercialisation, your project might be better suited to [Clean Technology Innovation](#).
